Voting in advance using this form

At the General Meeting, the advance votes are given in each of the items of the agenda of the General Meeting as indicated with a cross (X) below.

- The option "Yes" or "In favour" means that the shareholder is in favour of approving the proposal.
- The option "No" or "Against" means that the shareholder objects to the acceptance of the proposal. By voting in advance it is not possible to submit a counterproposal to the meeting or demand a voting.
- "Abstain from voting" means giving an empty vote and that shares are considered to be represented in the General Meeting, although the shares are not considered voting in favour or against anything. This is meaningful, for example, in resolutions requiring qualified majority, as in qualified majority items all shares represented at the General Meeting are taken into account and abstentions thus have the same effect as votes Against/No. Therefore, abstaining from voting affects the voting result. Shareholders should be aware of this, especially if giving a vote against is not their intention. If not otherwise communicated, the given advance votes are presumed to concern all the shares that the shareholder holds.

The shareholder's shares are not taken into consideration in an item in question, not considered as shares represented at the General Meeting and not counted as cast votes with regard to the item in question if

- No votes have been indicated.
- Multiple votes on the same item.
- Other text or markings other than a cross (X) have been used to indicate a vote.

In a situation where a shareholder has voted in advance more than once or via more than one voting channel, for example, both electronically and by using this form, the votes given most recently will prevail.
